

Exposure Intelligence Report

Scan Time: 23 Jan 2026, 00:32:43

Executive Summary

- Platforms Identified: 3
- Overall Risk Score: 38 / 100 (LOW)

Identified Platforms

- Instagram: https://www.instagram.com/nikil_eeshwar/
- Facebook: https://www.facebook.com/nikil_eeshwar
- Threads: https://www.threads.net/@nikil_eeshwar

Key Risk Factors

- Instagram: Account exists but visibility could not be reliably determined due to platform access restrictions
- Facebook: Public profile with medium information exposure
- Threads: Public profile with medium information exposure
- Same identifier reused across multiple platforms, enabling identity correlation
- Some platforms could not be fully assessed due to access restrictions; actual exposure may be higher

This report is generated using ethical Open Source Intelligence (OSINT) only.

No private, paid, or restricted data sources were accessed. Results indicate potential exposure, not certainty.
